Vendors are required to return one (1) copy of these specifications, correctly and completely furnishing all information requested and answering all questions attached. Any requested data literature, drawings, etc. and detailed written lists of exceptions taken must also be enclosed.

Since bids from a number of suppliers are anticipated and Newberry County EMS cannot be expected to be familiar with all various technical details of all vendor's products, the only adequate method of evaluation will be to compare in this format. Vendors are cautioned that failure to submit proposals in format specified herein.

Any questions for clarifications, etc. should be directed in writing to the above, and responses will be furnished in writing to all prospective vendors.

Considerable time and effort have been invested to design these specifications to the specific needs of Newberry County EMS. **Therefore, alternate bids and bids on demo unit bids will likely not be considered.
